## Telegraph

Article 1 - Elderly care reforms could get cross-party agreement says Andrew Dilnot.

• Andrew Dilnot is the Architect of proposed reforms to long-term elderly care said he reckons there is a real chance of the agreement between coalition and Labour on improving the system.

• He led a commission last year that proposed a new funding system for care. People would pay the first £35,000 or £50,000 of the cost and the state would pay after. Costing taxpayers an extra £1.7 billion a year.

• Mr Cameron was committed to the engagement perhaps this means that he did not take in comments from advisers meaning he is not being putting the public forward as ~~is~~ the user is to do with them?

Article 2 - Exams are ruining children's time at school, says former schools adviser professor

[redacted]
